

A-D

**Date of Project:
14 – 18 Jan 2019**

**Call for Proposals to commemorate the 70th
Anniversary of the de Havilland Comet**

**Name of Tutor:
S. Lockhart-Nelson, S. Carta and colleagues**

**Art and Design Group
University of Hertfordshire**

2018 - 2019

Art and Design Group

The 70th Anniversary of the De Havilland Comet

Image source: Googlemaps

Any individual or group of staff and/or student(s) may submit an idea in the format specified below. Proposals can be for a sculpture, or series of sculptural elements, a film or a community/participatory event or any other format that will have a lasting legacy and fully and eloquently commemorate and celebrate the crucial relationship of the Comet Jetliner to Hatfield.

We are seeking highly original and creative ideas that capture the imagination and articulate both the historical legacy of the Comet and connections to Hatfield now and into the future.

The main roundabouts of Hatfield have been identified as suitable sites for a sculpture or series of sculptures. Other sites for other formats will also be considered.

SPECIFICATIONS

Submissions should be in principle buildable and take account of durability, maintenance and health and safety issues

<https://www.aircharter.co.uk/about-us/news-features/blog/a-look-back-at-the-de-havilland-comet-the-worlds-first-commercial-jet-airliner>

Indicative Budget: £10,000

SKILLS LEARNED

Sculptures, model making, public art, parametric design, 3D modelling, presentation hand sketches.

WORK SCHEDULE

Session	Day	Programme	Deliverables
1	14/01/18	Project launch Groups and initial discussions Software overview	
2	15/01/18	Group work	
3	16/01/18	Group work	
4	17/01/18	Project review	
5	18/01/18	Final presentation	Submit final work

SUBMISSION

The submission of the work consists in:

- Board 1: case studies of existing artworks of a comparable nature
- Board 2: initial sketches and narrative of the ideas
- Board 3: rationalisation of the design (materials, construction etc.)
- Board 4: visualisation of proposal in context
- Board 5: project and process description
- Board 6: reflection of own roles and responsibilities within the team

All board are in A3 format landscape to be submitted both digitally (PDF) and printed. Each proposal should have a title and acronym, and clearly indicate the name of the team members.
